

AFA Skills Record

Patroller name:		CSP#		Completion Date:	
New candidate or candidate returning from LOA			Returning candidate		

3	Management of injured or ill patients	Date	Initials
3.1	Approach, assess and provide injured or ill patient management in accordance with the Patient Assessment Evaluation		
3.2	Proper use of personal protective equipment (PPE) used in first aid		

4	Basic Life Support				Date	Initials
4.1	Airway management					
4.1.1	Basic procedures for opening and maintaining airway (Head tilt-chin lift, Jaw thrust)					
4.1.2	Use of airway adjuncts for opening and maintaining airway					
4.1.3	Clearing an airway (suction)					
4.1.4	Clearing an airway (foreign body airway obstruction, adult and child)					
4.1.5	Clearing an airway (foreign body airway obstruction, infant)					
4.1.6	Positioning to maintain an open airway (recovery position)					
4.2	Breathing management				Date	Initials
4.2.1	Ventilation (pocket face mask)					
4.2.2	Ventilation (bag valve mask)					
4.3	Cardiopulmonary resuscitation (CPR)					
		Date	Initials		Date	Initials
4.3.1	One-rescuer adult CPR			4.3.2	Two-rescuer adult CPR	
4.3.3	One-rescuer child CPR			4.3.4	Two-rescuer child CPR	
4.3.5	One-rescuer infant CPR			4.3.6	Two-rescuer infant CPR	
4.4	Automatic external defibrillation (AED)				Date	Initials
4.4.1	Application and use of an AED					

5	Oxygen administration	Date	Initials
5.1	Safe handling of oxygen delivery systems		
5.2	Oxygen administration using appropriate equipment		

6	Management of respiratory emergencies	Date	Initials
6.1	Management of specific respiratory conditions	Date	Initials
6.1.1	Flail chest		
6.1.2	Sucking chest wound		
6.1.3	Penetrating chest injury (object stabilization)		

7	Management of circulation emergencies	Date	Initials
7.1	Management of specific cardiovascular emergencies		
7.1.1	Angina		
7.1.2	Heart attack		
7.1.3	Management for shock		

8	Management of spinal and neurological emergencies	Date	Initials
8.1	Management for suspected fractures involving the spinal column		
8.2	Helmet removal		

9	Injury Management – Wounds and burns	Date	Initials
9.1	Controls for major external hemorrhage from:		
9.1a	A limb using manual pressure and a pressure bandage		
9.1b	A limb using a tourniquet or an emergency trauma bandage		
9.1c	The neck		
9.1d	The trunk of the body, including evisceration		
9.2	Controls for minor external hemorrhage from:		
9.2a	The top of the head		

9.2b	The forehead or sides of the head		
9.2c	The chest or back		
9.2d	The shoulder or hip		
9.2e	The elbow or knee		
9.2f	The palm of a hand		
9.2g	The back of a hand or foot		
9.3	Manage amputations		
9.4	Management of ear, eyes and nose injuries		
9.4a	Blood or fluid draining from the ear		
9.4b	Foreign body in the eye		
9.4c	Lacerations to the eyelid		
9.4d	Lacerations to the eyeball		
9.4e	Nosebleed		
9.5	Management of burn injuries		
9.5.1	Superficial burns (1 st degree)		
9.5.2	Partial and full thickness burns (2 nd and 3 rd degree)		

10	Injury Management - Musculoskeletal	Date	Initials
10.1	Open fractures		
10.1.1	Open fracture wound cover		
10.2	Stabilization of a fracture to the:		
10.2a	Clavicle or scapula		
10.2b	Upper arm		
10.2c	Lower arm, including elbow, radius, ulna, wrist		
10.2d	Pelvic girdle		
10.2e	Femur, including use of a stirrup bandage		
10.2e	Patella, where the knee will not straighten		

10.2f	Lower leg, including use of a modified stirrup bandage		
10.2g	Ankle or foot		
10.2h	Boot and footwear removal		
10.3	Dislocations		
10.3a	Shoulder		

11	Medical emergencies	Date	Initials
11.1	Management of anaphylaxis emergencies		
11.2	Management of diabetic emergencies		
11.3	Management of seizure emergencies		
11.4	Management of stroke		

12	Environmental injury and illness	Date	Initials
12.1	Management of systemic hypothermia		
12.2	Management of systemic hyperthermia
